Bachelor of Science in Economics and Quantitative Methods (STEM); Minor in Psychology

Coursework: Econometrics, Game Theory, Money & Banking, Machine Learning for Economic Data

Leadership: Finance Chair, Principles of Cybersecurity at IU; managed budgeting, funding approvals, and financial logistics for EY, AT&T, and Accenture workshops and speaker events, overseeing a ~\$2,000 semester budget and supporting 60+ attendees.

Certifications: Tableau Specialist, Excel Specialist (Global Career Accelerator)

LONDON SCHOOL OF ECONOMICS AND POLITICAL SCIENCE | London, UK

Jul 2024 - Aug 2024

Summer Study Abroad – Intermediate Macroeconomics, Econometrics

RELEVANT EXPERIENCE

THE GLOBAL TECH EXPERIENCE | Bloomington, IN

Jan 2025 - May 2025

Data Analytics Track

- Built an Excel/Tableau framework scoring **5 Intel data-center site candidates** on power economics, grid reliability, and infrastructure readiness, condensing the trade-offs into one executive site recommendation.
- Analyzed Recording Academy campaign data, identifying **3 engagement drop-off points** and top-performing audience segments to inform dashboard-based targeting recommendations.

DLF LIMITED | Gurugram, India

Aug 2023 - Nov 2023

Finance & Accounting Intern

- Drove a vendor cost review that cut monthly operating costs by ~**10%**, reconciling 3 months of spend across **7+ vendors** to isolate recurring cost drivers and variance patterns.
- Standardized monthly financial reporting and expense classification in Excel and Ramco, reducing duplicate entries and reconciliation inconsistencies.

NTALENTS.AI | Bangalore, India

Jun 2023 - Jul 2023

Data Analyst Intern

- Queried and analyzed **tens of thousands** of recruitment records across **3+ client accounts** using MySQL/Python, building client-facing Tableau dashboards tracking hiring bottlenecks, funnel trends, and monthly performance.
- Presented account-level findings directly to business stakeholders, contributing to an approximately **15% improvement** in reported client-satisfaction scores.

MARQUEE EQUITY | New Delhi, India

Jul 2022 - Jun 2023

Investment Banking Fellow

- Researched **15+ early- and growth-stage companies** across TMT, consumer, education, and B2B services, assessing business models, funding momentum, sector dynamics, and competitive positioning to support fundraising evaluation.
- Supported DCF and comparable-company valuation analyses by organizing company financials, revenue drivers, valuation assumptions, and peer benchmarks for internal evaluation and client materials.

SELECTED PROJECTS

UBI LABOR-SUPPLY ANALYSIS | Python · Econometrics · Sensitivity Analysis

Jan 2025 - Jun 2025

- Built and stress-tested a Python labor-supply model across UBI levels of **\$0-\$18,000** and elasticity assumptions of 0.05-0.20; a \$12,000 UBI at 0.10 elasticity cut modeled work hours by **2.4%**.

DIGITAL BANKING & FINANCIAL INCLUSION | Mixed-Methods Analysis

Sep 2024 - Dec 2024

- Analyzed survey data from **300 rural Indiana residents** plus banker interviews and Fed/DFI research, identifying internet access and digital literacy as the key barriers to mobile-banking adoption.

SKILLS & TOOLS

Finance: Valuation (DCF, Comparable-Company), Investment Research, Financial Statement Analysis, Sensitivity Analysis

Technical: Excel, SQL (MySQL), Python, Tableau, R, Econometric Analysis
