EDUCATION

INDIANA UNIVERSITY BLOOMINGTON

May 2026

Bachelor of Science in Economics and Quantitative Methods (STEM); Minor in Psychology

Coursework: Machine Learning for Economic Data, Econometrics, Game Theory, Money & Banking, Statistical Analysis for Business & Economics, Computational Methods in Macroeconomics

Leadership: Finance Chair, Principles of Cybersecurity at Indiana University; managed ~\$2,000 semester budget and helped coordinate speaker events with EY for 60+ attendees

Certifications: Tableau Specialist · Excel Specialist (Global Career Accelerator)

LONDON SCHOOL OF ECONOMICS AND POLITICAL SCIENCE | London, UK

Jul 2024 - Aug 2024

Summer Study Abroad Program - Intermediate Macroeconomics; Introduction to Econometrics

RELEVANT EXPERIENCE

THE GLOBAL TECH EXPERIENCE | Bloomington, IN

Jan 2025 - May 2025

Data Analytics Track

- Built an Excel and Tableau decision framework for an Intel data-center case project, integrating energy, infrastructure, and cost data to evaluate **5 candidate locations** across grid reliability, power economics, energy mix, and infrastructure readiness.
- Analyzed Recording Academy campaign data to identify 3 engagement drop-off points and the highest-performing audience segments; presented findings and recommendations through dashboards and client-style reports.

DLF LIMITED | Gurugram, India

Aug 2023 - Nov 2023

Finance & Accounting Intern

- Standardized monthly financial reporting and expense classification across 7+ vendors using Excel and Ramco, reducing duplicate entries and reconciliation inconsistencies.
- Reconciled 3 months of vendor and departmental spending to identify recurring cost drivers and variance patterns, supporting a cost review associated with approximately **10% lower** monthly operating costs.

NTALENTS.AI | Bangalore, India

Jun 2023 - Jul 2023

Data Analyst Intern

- Analyzed **tens of thousands** of recruitment records per client across 3+ accounts using MySQL and Python; built Tableau dashboards tracking hiring bottlenecks, funnel trends, and monthly performance.
- Presented client-level findings and recommendations to business stakeholders, contributing to an approximately **15% improvement** in reported client-satisfaction scores.

MARQUEE EQUITY | New Delhi, India

Jul 2022 - Jun 2023

Investment Banking Fellow

- Researched 5+ early- and growth-stage companies across TMT, consumer, education, and B2B services, evaluating business models, funding activity, sector dynamics, market positioning, and competitive landscapes.
- Supported DCF and comparable-company valuation analyses by organizing company financials, valuation assumptions, and peer benchmarks for internal evaluation and client materials.

SKILLS & TOOLS

Investment & Company Research · Financial Modeling · Excel · SQL (MySQL) · Econometric & Statistical Analysis · Scenario & Sensitivity Analysis · Financial Statement Analysis · Python · Tableau · R

SELECTED PROJECTS

UBI LABOR-SUPPLY ANALYSIS | Python · Matplotlib · Sensitivity Analysis

Jan 2025 - Jun 2025

- Built and stress-tested a Python labor-supply model across annual UBI levels of \$0-\$18,000 and income-elasticity assumptions of 0.05-0.20; a \$12,000 UBI at 0.10 elasticity implied a **2.4% modeled decline** in work hours, quantifying how behavioral assumptions alter the estimated policy effect.

DIGITAL BANKING & FINANCIAL INCLUSION | Mixed-Methods Financial Analysis

Sep 2024 - Dec 2024

- Analyzed survey responses from **300 rural Indiana residents**, interviews with banking professionals, and research from the Federal Reserve and Indiana DFI; identified internet access and digital literacy as key barriers to mobile-banking adoption and financial inclusion.
